NARRATIVE OF OFFENSE

Victims JAMES EARL CHANEY, ANDREW GOODMAN and MICHAEL HENRY SCHWERNER, Council of Federated Organizations (COFO) workers, left Meridian, Mississippi around 11:00 AM, Sunday, June 21, 1964, en route to the Mount Zion Community east of Philadelphia, Mississippi where they visited the former site of the Mount Zion Methodist Church which burned to the ground on the evening of June 16, 1964. After viewing the charred remains of the Mount Zion Methodist Church, the victims visited with several Negro families before driving toward Philadelphia, Mississippi en route to Meridian, Mississippi.

JN 44-1

bjm :

While driving their 1963 Ford Fairlane Ranch Wagon, bearing 1964 Mississippi License H25503, to Philadelphia, Mississippi, they were arrested by Deputy Sheriff CECIL RAY PRICE, Neshoba County, Mississippi, at approximately 3:30 PM, June 21, 1964, allegedly for speeding within the city limits of Philadelphia, Mississippi. At the request of Deputy Sheriff PRICE, Mississippi Highway Safety Patrolmen HARRY J. WIGGS and E. R. POE assisted PRICE in transporting the victims to the Neshoba County Jail where CHANEY was incarcerated for speeding and GOODMAN and SCHWERNER were incarcerated "for investigation". b7C

[REDACTED]

[REDACTED] booked CHANEY for speeding and GOODMAN and SCHWERNER for investigation. [REDACTED] victims were held in the Neshoba County Jail until Justice of Peace LEONARD WARREN was available to set bond for CHANEY. After 10:00 PM, Justice of Peace WARREN was contacted at which time he set CHANEY's bond at \$20. After the bond was paid, the three victims were released from the Neshoba County Jail at approximately 10:30 PM, June 21, 1964. b7C, b7D

Victims departed from the Neshoba County Jail in the ranch wagon and were followed until they approached the Philadelphia city limits by Deputy Sheriff PRICE and RICHARD A. WILLIS, a Philadelphia, Mississippi patrolman.

[REDACTED]
[REDACTED] observed the victims traveling on Highway 19 toward Meridian, Mississippi. b7C, b7D

On June 23, 1964, near the Bogue Chitto Creek on Highway 21, approximately thirteen miles northeast of Philadelphia, Mississippi, the 1963 Ford Fairlane Ranch Wagon, which was last seen in the possession of the three civil rights workers, was located in a completely burned condition. Examination of the ranch wagon indicated that the interior and exterior of the car, with the exception of the left front fender and door along with a portion of the hood and bumper, had been affected by flames and intense heat of fire. A meticulous examination by Special Agents from the Federal Bureau of Investigation Laboratory revealed that no human remains were in the debris which contained a wristwatch, automobile keys and tools. A resident of the area, T. HUDSON, stated he had traveled by the place where the car was burned shortly after 1:00 AM, June 22, 1964, and observed what apparently was the burning car. Flames ten to twelve feet high were noted, even burning the bushes.

[REDACTED] b7C, b7D
On August 4, 1964, a search warrant signed by U. S. Commissioner VERTA LEE SWETMAN, Biloxi, Mississippi, ordering a search of the OLEN BURRAGE farm in Neshoba County, was served on OLEN BURRAGE at Philadelphia, Mississippi. Excavation was conducted on the farm dam and the bodies of the three civil rights workers, CHANEY, GOODMAN and SCHWERNER, were located and exhumed. The bodies were transported to the University of Mississippi Medical Center, Jackson, Mississippi, where Dr. WILLIAM P. FEATHERSTON, a local pathologist, conducted an autopsy and pronounced the cause of death to be gunshot wounds.

JN 44-1

bjm

Positive identification of the three bodies as JAMES EARL CHANEY, MICHAEL HENRY SCHWERNER and ANDREW GOODMAN was established by the FBI Identification Division through fingerprints of the victims.

[REDACTED]
[REDACTED] construction of the earthen dam was started around June 14, 1964 and that work on the dam was going on during the week end of June 20-22, 1964.

[REDACTED] construction was in progress on Sunday, June 21, 1964, and again on Monday, June 22, 1964, beginning early in the morning. [REDACTED] did not observe any evidence of tampering or irregularities at the dam site. b7c, b7D

JAMES EDWARD JORDAN, a white male from Meridian, Mississippi, an admitted participant in the abduction and murder of the three civil rights workers, stated that on June 21, 1964, EDGAR RAY KILLEN, JERRY SHARPE and a person whom he believed to be JIMMY TOWNSEND, all residents of Philadelphia, Mississippi, traveled to the Longhorn Drive-In, Meridian, Mississippi, where KILLEN informed JAMES T. "PETE" HARRIS, FRANK HERNDON, and JORDAN that three civil rights workers were incarcerated at the Neshoba County Jail in Philadelphia, Mississippi on minor charges. He indicated these men could not be held long and he wanted Lauderdale County Ku Klux Klan members to join a Neshoba County group in "whipping" these men. [REDACTED]

[REDACTED] JORDAN related that six pairs of cloth gloves were obtained from OLIVER RICHARD "DICK" WARNER, JR.'s store in Meridian before leaving the city en route to Philadelphia. b7c, b7D

JN 44-1

bjm

HORACE DOYLE BARNETTE, another witness who admitted being a participant in the abduction and murder of CHANEY, GOODMAN and SCHWERNER, related that on the evening of June 21, 1964 [REDACTED] telephonically advised [REDACTED] and him "the Klan had a job". DOYLE and [REDACTED] met [REDACTED] JAMES EDWARD JORDAN, [REDACTED] whose last name BARNETTE later learned [REDACTED] was [REDACTED] at [REDACTED] in Meridian, Mississippi. [REDACTED]

[REDACTED] DOYLE and [REDACTED] and JAMES EDWARD JORDAN proceeded to Philadelphia where they met [REDACTED] informed them the three civil rights workers were being released from jail and he stated, "we have a place to bury them and a man to run the dozer to cover them up." b7c

The three civil rights workers, JAMES EARL CHANEY, ANDREW GOODMAN and MICHAEL SCHWERNER, were released from the Neshoba County Jail at approximately 10:30 PM, June 21, 1964, and by prearranged plans, [REDACTED] informed the participants, the Mississippi Highway Safety Patrol (MHSP) would intercept the civil rights workers' car as it proceeded down Highway 19. The car, however, was not stopped by the MHSP. [REDACTED]

[REDACTED] actually stopped the car south of House, Mississippi on Highway 492. He placed the three civil rights workers in the back seat of his car and drove them down a nearby country road where they b7c

were shot by the group that had followed [REDACTED] from Philadelphia. b6

HORACE DOYLE BARNETTE stated that SCHWERNER and GOODMAN were shot by [REDACTED] and JAMES CHANEY was killed by a volley of shots in the presence of [REDACTED] JIM JORDAN and himself. The bodies were taken to the OLEN BURRAGE dam near Philadelphia, Mississippi where a bulldozer operator performed the interment. Afterwards, the group congregated at [REDACTED] where [REDACTED] provided a jug of gasoline to burn the three civil rights workers' 1963 Ford ranch wagon. [REDACTED] informed the group that the victims' station wagon was to be taken by [REDACTED] to Alabama where it would be burned." b6

After leaving [REDACTED] JORDAN, [REDACTED] and BARNETTE were stopped by [REDACTED] in Philadelphia, and [REDACTED] admonished the group against disclosing the crime by stating, "I'll kill anyone who talks, if it was my own brother." b6

At 10.03 p.m., June 21, 1964, Mr. FRANK SCHWELB, Attorney, Civil Rights Division, U. S. Department of Justice, telephonically advised the New Orleans Office of the FBI that three Civil Rights workers all in their early twenties, MICHAEL SCHWERNER, a white male, JAMES CHANEY, a Negro male, and ANDY GOODMAN, a white male, left Meridian, Mississippi, the morning of June 21, 1964, en route to Philadelphia, Mississippi, where a Negro church had been "burned or bombed a few weeks back." The group left with the intention of being back in Meridian at 4 p.m. on the afternoon of June 21, 1964, but had not returned and had not been heard from up to the time of his call.

At 10 15 p.m., [REDACTED] Council of Federated Organizations (COFO), telephonically advised SA [REDACTED] Jackson, Mississippi, that ANDY GOODWIN, MICHAEL SCHWERNER and JAMES CHANEY had left Meridian, Mississippi, via automobile early the afternoon of June 21, 1964, traveling to Philadelphia, Mississippi, with the intention of investigating a recent church burning there. They were due to return to Meridian late the afternoon of June 21, 1964, but at the time of [REDACTED] call they had not returned and had not been heard from since leaving Meridian. He stated that the police in the towns between Meridian and Philadelphia had been contacted by COFO and no information had been developed regarding their whereabouts. b7C

At 11:34 p.m., June 21, 1964, Mr. FRANK SCHWELB telephonically advised the New Orleans Office that the car in which the three above persons were traveling is a 1964 Fairlane Ford, bearing Mississippi Licerse H25503. He stated that [REDACTED] of COFO, Jackson, had called the Lauderdale and Neshoba (Philadelphia Police Department) County Jails by 9 p.m., June 21, 1964, in an attempt to b7C

FEDERAL BUREAU OF INVESTIGATION

Date 6/30/641

At 3:20 p.m., HUNTER MOREY, Legal Coordinator, Council of Federated Organizations (COFO), Jackson, Mississippi, telephonically advised the Meridian, Mississippi, Resident Agency that he desired to make an official request for an investigation to locate JAMES CHANEY, MICHAEL SCHWERNER and ANDREW GOODMAN and that his request was the result of his receipt of conflicting stories concerning the time the three individuals had been released from the Neshoba County Jail at Philadelphia, Mississippi, and because of the church burning near Philadelphia, Mississippi, he feels the three boys were in physical danger.

[REDACTED] ANDREW has never been married and does not have a regular girl friend. [REDACTED]

[REDACTED] he had in his possession approximately \$90.00 in cash and a group of American Express Company Travelers Checks in either ten or twenty dollar denominations. [REDACTED] did not know the total cash value of the Travelers Checks, however, [REDACTED] maintained a list of the serial numbers of the checks. [REDACTED] records revealed the American Express Company Travelers Checks carried [REDACTED] ANDREW were numbered AA 64-486-894 to and including AA 64-486-903.

[REDACTED] ANDREW had in his possession a brown wallet. In his wallet were small slips of papers with the names and addresses of friends and associates in New York City. ANDREW's wallet, [REDACTED] did not contain personal photographs, membership cards or similar data.

[REDACTED] ANDREW, [REDACTED] was not wearing any jewelry, medals, wrist watch, rings or other ornaments. [REDACTED] he has never been arrested by any police department. [REDACTED] do not believe he was ever fingerprinted, however, in 1959, ANDREW applied for and received a United States Passport for travel to Europe. [REDACTED]

[REDACTED] SCHWERNER said at one point that they "had to be" in Philadelphia, Mississippi, by 1:00 p.m. that day. [REDACTED] not know why they had to be there as there was never any specific reason mentioned other than the fact that they wanted to go to the Philadelphia area to investigate the church burning. [REDACTED] none of them mentioned any person by name or implication that they intended to meet while in the Philadelphia area. [REDACTED] the three of them left the house sometime shortly after 12:00 Noon possibly about 12:15 p.m.

[REDACTED] SCHWERNER was wearing a blue, long sleeve shirt and black trousers made out of the same material as coveralls. He does not recall what sort of shoes SCHWERNER was wearing.

[REDACTED] SCHWERNER was wearing a white faced, yellow gold, round, wrist watch which has the numerals 12, 3, 6, and 9 on its face and wedge like marks in place of the remaining numerals. [REDACTED] thinks that SCHWERNER generally wears a wedding band.

[REDACTED] CHANEY had on bib type overalls and a tee shirt. He was wearing a straw sun hat and possibly had some black leather shoes on. He does not think that CHANEY was wearing any jewelry. [REDACTED] has hardly ever seen CHANEY with a wrist watch.

[REDACTED] GOODMAN was wearing blue jeans and short sleeve shirt the color of which he does not remember. [REDACTED] does not recall what kind of shoes GOODMAN was wearing and does not remember if he was wearing any jewelry.

PRICE was proceeding east on Highway 16 at about 65 miles an hour intending to turn right on the Legion Lake Road (Point B) when approximately .2 of a mile west of that point (Point A), he met victims' station wagon. He went on to the Legion Lake Road, reversed his path, and followed the victims. .7 of a mile from Point B he observed Mississippi Highway Safety Patrolmen WIGGS and POE parked at Point C. During this period the station wagon was not in his sight. He saw it again at Point D which is 1.4 miles from Point B. He proceeded an additional 2.1 miles to Point E where he began to clock victims' speed. This was 3½ miles from Point B. 4.1 miles from Point B he passed the Philadelphia City Limits (Point F). Clocking the car an additional .6 of a mile, he turned on his red emergency light and sounded his horn to signal victims to stop at Point G which is 4.7 miles from Point B. They travelled an additional .3 of a mile to Point H where they pulled off the road, changed a tire, and were placed under arrest. This is approximately 5 miles from Point B. All distances and locations were measured from points

JN 44-1
mem

Based upon tests conducted by Special Agent [REDACTED] of the Federal Bureau of Investigation Laboratory on Highway 16 approximately 5 miles east of Philadelphia, Mississippi, it was concluded that an average 180-degree high speed turn would require approximately 10 seconds to complete from the time braking was begun at a speed of 65 miles per hour until the car was turned around and started to move forward in the opposite direction. b7c

Taking into account the above determination and under the following conditions:

1. The car CHANEY was driving was traveling west on Highway 16 and maintaining a constant speed of 65 miles per hour into Philadelphia. The speed estimate is based on observations of Officers WIGGS and POE who observed the car pass their parked position and estimated that it was traveling within the speed limit which is 65 miles per hour. [REDACTED] when he was close enough to the car CHANEY was driving to clock it he clocked it at a speed of 65 miles per hour into the city of Philadelphia. b7c, b7D
2. Deputy Sheriff PRICE passed the car CHANEY was driving moving in the opposite direction at a point 4.8 miles east of the place in the city of Philadelphia where this car was subsequently stopped and the occupants placed under arrest.
3. Deputy Sheriff PRICE drove at 65 miles per hour .2 of a mile further east of the point where he passed the car driven by CHANEY, turned around, and pursued this car. It is noted that Highway Patrolmen WIGGS and POE estimated that PRICE was traveling at approximately the same speed the car driven by CHANEY was traveling and within view of this car at the time it passed their position.

2

JN 44-1

Based upon the data set forth above [REDACTED] PRICE would have had to drive at the following average speeds to achieve the results he described in demonstrating the circumstances surrounding the apprehension of CHANEY and his companions. b7C, b7D

1. In order to approach and clock the car CHANEY was driving at a point 1.5 miles east of the final stopping and arresting place within the city of Philadelphia, he would have had to drive at an average speed of approximately 78 miles per hour.
2. In order to catch and stop the car CHANEY was driving at the point of arrest, he would have had to drive at an average speed of approximately 73 miles per hour.

In evaluating the data set forth above, one additional known factor should be taken into consideration. [REDACTED] approximately 10 minutes elapsed between the time [REDACTED] observed PRICE proceeding east past the position [REDACTED] occupied and his return following the car driven by CHANEY. b7C, b7D

Another item of interest in evaluating Deputy Sheriff PRICE's [REDACTED] apprehension of CHANEY and his companions is the fact that he was in radio communication with Highway Patrolmen WIGGS and POE who customarily work their traffic on Highway 16 at the spot where they were observing and pursued speeders from this spot. There was no need for him to follow the car CHANEY was driving to bring it within the observation of the officers since a radio alert to the Highway Patrol would have caused this car to be pursued if the speed was such they were in obvious violation of the traffic regulations on Highway 16. b7C, b7D

On July 2, 1964, SA [REDACTED] reviewed "Radio Station Log, Mississippi Highway Safety Patrol, Meridian, Mississippi, Sub-station" furnished July 2, 1964, by [REDACTED] Mississippi Highway Safety Patrol Commanding Officer, Meridian Sub-station, to SA [REDACTED] for the date of June 21, 1964, and the following entry was recorded thereon: The operator was [REDACTED] Mississippi Highway Safety Patrol, Meridian Sub-station. Patrolman EARL R. POE, [REDACTED] Philadelphia, Mississippi, Mississippi Highway Safety Patrol, was advised of the identities of Special Agents [REDACTED] and was advised by Special Agent [REDACTED] of his right to consult with an attorney prior to making any statement or furnishing any information. He was advised that any statement he made must be voluntary and could be used against him in a court of law.

b. [REDACTED]

Patrolman POE advised as well as he could recall about 3:00 p.m., June 21, 1964, he and Patrolman HARRY WIGGS of the Mississippi Highway Safety Patrol received a call over their radio from Deputy Sheriff CECIL RAY PRICE asking for assistance in bringing three people to jail. He gave his location as the Methodist Church which is at the intersection of Beacon and Main Street, Philadelphia, Mississippi.

POE said they were in the vicinity of Philadelphia and arrived at the intersection of Beacon and Main Streets in a very short while. When they arrived, PRICE and those under arrest were changing a tire on the blue station wagon. They were all helping and the station wagon rolled off the jack once [REDACTED] one of those under arrest to get into the station wagon and put his foot on the brake to keep it from rolling off the jack.

He stated when they got the tire fixed, Patrolman WIGGS got into the station wagon. At the time, he thought the Negro boy got into the automobile with PRICE but learned later from WIGGS that the Negro boy rode in the station wagon with WIGGS to the jail. He said the two white boys got into his Highway Patrol Car in the back seat.

The station wagon left, followed by PRICE and they proceeded down Beacon Street.

Date July 6, 1964

Patrolman EARL R. POE, [REDACTED] Philadelphia, Mississippi, Mississippi Highway Safety Patrol, was informed of the identities of the interviewing Agents as representatives of the Federal Bureau of Investigation by SA [REDACTED]. He was informed he had a right to consult an attorney prior to making any statement, that any statement he might make could be used against him in a court of law, that no threats or promises were made to him, and that any statement which he might make should be freely and voluntarily made.

Thereafter, he conducted the Agents from Philadelphia, Mississippi, over State Highway Number 16 pointing to the location where the three missing individuals were observed with Deputy Sheriff CECIL PRICE on June 21, 1964, changing a tire on a Ford stationwagon, the location where he and Mississippi Highway Safety Patrolman HARRY J. WILKES in their patrol car were parked on that highway on June 21, 1964, when they received the first radio request from PRICE for assistance and other locations along that route.

At approximately 1:00 P. M. on June 21, 1964, he "went on duty" by entering the patrol car [REDACTED]

[REDACTED] they parked their patrol car on State Highway Number 16, East of Philadelphia, Mississippi, at the location previously designated to the interviewing Agents. The time of taking up that position could not be precisely recalled but he thought it was "about 3:00 P. M." or "not long after 3:00 P. M." The point where they parked was located at the entrance of a seldom used lane entering Highway 16 from the south, one that was well shaded by large trees, and one located so that there was a slight rise in the highway to the east of this location.

[REDACTED] a recent model Ford stationwagon passed on Highway 16 proceeding toward Philadelphia. [REDACTED]

[REDACTED] As this car "topped" the rise just to the east of his location, the car was observed to "let off of it" as it came into view of the patrol car. This was explained as something the average motorist automatically does on observing a marked patrol car at the side of the highway. This vehicle passed his location

at a speed he could not estimate nor could he express an opinion as to whether it was or was not exceeding the lawful speed limit at that point. This car then passed out of his vision to the west continuing to Philadelphia, Mississippi. Shortly thereafter Deputy Sheriff PRICE, in his patrol car, was observed passing this point from east to west also headed toward Philadelphia, Mississippi. Again Patrolman POE could neither estimate the speed of PRICE nor could he estimate how far behind the stationwagon PRICE was at the time of passing his location.

Shortly thereafter, again time not recalled, he heard Deputy Sheriff PRICE on the patrol radio state he was chasing a speeder and requesting assistance. He and Patrolman WIGGS, in their car, then started toward Philadelphia on this same highway in response to this request.

When he and Patrolman WIGGS arrived at the location of both PRICE and this stationwagon, he observed the occupants and PRICE engaged in changing a tire on the stationwagon.

After leaving the Neshoba County Jail he and Patrolman WIGGS had parked on the square of Philadelphia, Mississippi, and had met their superior, Inspector KING of the Mississippi Highway Safety Patrol and conferred with him for a short period of time.

a request made for a record check on the license on the stationwagon. This request was made during the time he and Patrolman WIGGS were conferring with their superior.

By reference to his "Court Record Book" he stated that he had issued a citation on Highway 19 [REDACTED]

[REDACTED] His book was exhibited and reflected this data. [REDACTED]

It was his recollection this citation was issued about 2:05 P. M. on June 21, 1964, but he could not be positive without examining the original citation or one of the copies. None of these were any longer in his possession.

[REDACTED] Patrolman EARL R. POE,
Mississippi Highway Safety Patrol, [REDACTED]

During the same described interview, the following distances were recorded by speedometer as Patrolman POE pointed out indicated locations.

All distances measured from the location of the Dallas Welding and Repair Shop, inside the Philadelphia City Limits on State Highway 16 proceeding in an easterly direction. Distance to the intersection of Main and Beacon Streets, the point identified by POE as the location of the station wagon when he arrived at the scene on the afternoon of June 21, 1964, 1/10 mile. City limits sign for the city of Philadelphia, 9/10ths mile. Location where Patrolmen POE and WIGGS parked when station wagon passed them going in a westerly direction, 4 and 4/10ths miles. Turn off to American Legion Lake, 5 miles. Road turning off to Mount Zion Church, 7 and 3/10ths miles. Distance to Mount Zion Church, 10 and 7/10ths miles.

It was further observed that the location pointed out by Patrolman POE as the location where he and Patrolman WIGGS were parked on Highway 16, east of Philadelphia, Mississippi, on the afternoon of June 21, 1964, was the location of a lane leading into Highway 16 from the south and was shaded by large trees. The location in addition had a low hill or "rise" in Highway 16 immediately to the east thereof.

The following is a signed statement furnished by
EARL ROBERT POE on November 11, 1964:

"November 11, 1964
Meridian, Mississippi

"I, Earl Robert Poe, do hereby make the following statement to Joseph A. Sullivan whom I know to be an Inspector in the Federal Bureau of Investigation. This statement is made of my own free will. No duress or threats have been employed to cause me to make this statement. I have been advised of my right to legal counsel before making this statement. I realize that it may be used against me in a court of law.

"I am a patrolman in the Mississippi Highway Safety Patrol (MHSP) and am assigned to Neshoba County, Mississippi in the performance of my normal duties.

"The following data relates to my activities while on official business as a trooper in the MHSP on June 21, 1964:

"I undertook my official duties assisted by Patrolman Harry J. Wiggs at approximately 1:00 PM. We employed Car #110 and initiated the day's activities with routine patrol.

[REDACTED] at approximately 2:05 PM on this afternoon I issued a traffic citation on Highway 19 at Tucker, Mississippi

[REDACTED]. Following this at about 3:00 PM, Wiggs and I patrolled east of Philadelphia on Highway 16. In connection with this activity, we parked our vehicle in a site [REDACTED]

[REDACTED] approximately 4.4 miles outside of the city. We assumed this stationary observation post at about 3:00 PM. Sometime thereafter and relatively shortly, Neshoba County Deputy Sheriff Cecil Ray Price passed our observation post.

"Sometime after this and while Price was still east of our position on Highway 16, he made radio contact with us and made a comment to the effect that 'I've got a good one, George Raymond.' [REDACTED]

[REDACTED]

"Shortly after his transmission and within about ten minutes from the time he had passed us traveling east, Price passed us again proceeding in a westerly direction. He was traveling within approximate eye view of a blue station wagon occupied by three individuals whom I subsequently learned were James Chaney, Michael Schwerner and Andrew Goodman. Price smiled in our direction but there was no radio communication.

"Neither this station wagon nor Price appeared to be exceeding the speed limit at the time they passed our position. I did note that the station wagon eased off as it topped the rise behind us but

JN 44-1

this is a customary gesture for a driver upon observing a marked patrol vehicle and did not indicate that the speed was excessive.

"Shortly after this, the precise time being uncertain, Price called on the radio stating he was chasing a speeder and he requested assistance. Wiggs and I proceeded toward Philadelphia in response to this request. [REDACTED]

[REDACTED] When I arrived upon the scene where Price had the speeders in custody, I observed that the occupants of the station wagon were engaged in changing a tire on their vehicle.

"Wiggs and I assisted Price in his activities by participating in transporting the prisoners and their vehicle to the Neshoba County Jail where Price proposed to book them - James Chaney he was to charge with speeding, Michael Schwerner and Andrew Goodman were to be held for investigation.

"At the time of the initial transmission by Price, which I have described above, I did not understand the significance of Price's comment that he had a good one, George Raymond. [REDACTED]

[REDACTED] familiar with the activities of the head of the Council of Federated Organizations (COFO), George Raymond. It is my understanding that George Raymond was also supposed to have operated at times in Neshoba County.

"After delivering the prisoners to the jail in fulfillment of Price's request for assistance, Wiggs

and I parked on the city square in Philadelphia and there met Inspector R. Maynard King, our Commanding Officer. While we were talking to Inspector King, Price joined us, discussed his arrest briefly and at his request we made an inquiry of the MHSP dispatcher in Meridian as to the registered owner of the vehicle the three arrested prisoners were driving. A short time later the Meridian dispatcher responded to this request for license check and by this time Price had already departed. However, it was learned through the radio transmissions that Price had received the identifying data concerning the vehicle through this radio transmission.

[REDACTED] to the best of her memory the boys stopped to change their tire on Highway 16 between the Dallas Garage and the Methodist Church. [redacted] Sunday, June 21, 1964. [redacted]

[redacted] about 3:30 to 4 P.M., [redacted]

[redacted] heard a noise coming from the highway and upon looking out of the window, saw a station wagon pulling off the side of the road [redacted] about the same time they saw a pickup rolling down the street and the Negro boy who had been driving going after same. [redacted] within just a few minutes [redacted] saw Deputy Sheriff CECIL RAY PRICE pulling up behind the station wagon, having come from the east on Highway 16. [redacted] PRICE got out of his car and walked quickly to the station wagon and appeared to be checking identification. She did not see PRICE display any weapon or arrest tickets. [redacted] PRICE was driving a two-tone blue Chevrolet which she recognized as the car he uses in his capacity as Deputy Sheriff.

[redacted] within five minutes after they saw the station wagon, a highway patrol car also arrived and pulled in behind PRICE's car. [redacted] the highway patrol car had likewise come from the east on Highway 16.

[redacted] During the period of 15-20 minutes afterwards she observed that the two white boys and the Negro appeared to be changing the right rear tire on the station wagon while the police officers stood around.

[redacted] had the impression that the officers must have been chasing the boys for speeding but may have gotten this impression from newspaper accounts.
